AUD - Australian Dollar USD - US Dollar

## NZD to USD Chart

26 May 2018 00:00 UTC - 25 May 2020 23:41 UTC **NZD/USD** close:0.60981 low:0.56271 high:0.70384

NZD - New Zealand Dollar USD - US Dollar

Exchange rate plays a major role in the value proposition of a Utah vacation. In recent years with an exchange rate 60-65c (NZD) and 65-70c (AUD), Utah has lost market share to competitor destinations. The outlook for exchange in 2020 is uncertain with the impact of COVID-19 and the various economic responses set to play a major role in this however we have already seen dollar recovery.
